## School Code

### 5500D - POSITIVE DISCIPLINE PLAN (MIDDLE SCHOOL)

#### MIDDLE SCHOOL POSITIVE DISCIPLINE PLAN:

##### Goals:

- A. To work to be the best s/he can be.
- B. To take responsibility for their own behavior.
- C. To treat self and others with dignity and respect.
- D. To work to create a positive, safe, caring, and orderly school climate.
- E. To focus on the prevention of discipline problems.
- F. To work to develop a strong and supportive relationship between parent/guardian(s), students, school, and community.

##### General Rules:

*Everyone will have self-discipline and take responsibility for their own behavior. They will treat others with dignity and respect and work together:*

- A. to be on time and prepared for class/activities;
- B. to assist and spend extra time in student/staff/school activities;
- C. to keep our hands, feet, and mouth to ourselves;
- D. to act safely and sensibly;
- E. to stop and ask ourselves, before saying or doing something to another person, "Would I like this done to me?" If the answer is "Yes", we proceed. If the answer is "No", we stop immediately and find another way of handling the situation.

These general rules outline the behavior expected of everyone at Vicksburg Middle School. Each teacher has developed classroom rules which establish the expectations for the individual classrooms.

##### The Teachers, Support Personnel, and Administrators:

*An effective school, where "everyone is successful" is created by the attitudes and behaviors of the staff (teachers, support personnel, and principal). We become like the people with whom we associate. If we expect our students to be positive, supportive, accepting, and respectful of others, it is essential that we model this behavior for them. At VMS, we have "successful staff members" who:*

- A. take pride in themselves as educators, knowing they have one of the most important jobs in the world;
- B. believe that all children can be successful and will look for and take whatever steps are necessary to insure that students are recognized for their success;
- C. treat others with dignity and respect;
- D. commit their efforts to make VMS the most effective school in the country;
- E. set professional goals and work persistently to accomplish them;
- F. make decisions based on what is best for the student;

- G. assist and spend extra time in student/staff/school activities;
- H. continually improve their instructional knowledge and skill;
- I. make suggestions on ways the school can be more effective;
- J. are a positive influence on students, parent/guardian, and colleagues by:
  1. being “solution oriented” when facing a problem rather than grumbling or complaining;
  2. discovering the other person’s point of view during a conflict;
  3. communicating concerns or disagreements directly to the proper recipient; *If this communication is written, it is signed by the person who wrote it. If it is communicated face-to-face, it is done in an “agreeable” manner, with dignity and respect for all those involved.*
  4. treating information about school (students, parent/guardian(s), staff) in a confidential and professional manner.

### Successful Students:

Schools are places where students gain the knowledge and skills to be responsible, contributing, and independent members of society. Our goal is to develop successful students who:

- A. take pride in themselves and have confidence they can be successful no matter what the situation;
- B. set goals and work persistently to accomplish them;
- C. take responsibility for what they say and do and how they present themselves;
- D. treat self and others with dignity and respect;
- E. attend school regularly;
- F. get to school and class on time;
- G. exercise good study skills and work habits; Upon completing an assignment quietly find something constructive to do.
- H. have good manners and are friendly and courteous to everyone in school;
- I. are honest with themselves and others;
- J. respect everyone’s property;
- K. put forth their very best efforts in whatever they do.  
*If a mistake is made, they learn from it by correcting it and moving ahead;*
- L. follow the school and classroom rules;
- M. keep their school clean;
- N. make our school and community a better place.

### The Parent/Guardians:

*School success is created by a team effort. The team consists of the student, teacher, and **most importantly, the parent.** The attitude, expectations, and behavior of the parent/guardians about our school plays a crucial role in the child's success in school. Parent/guardians want what is best for their children and by doing the things listed below, parent/guardians increase the potential that their children will get the best education. The parent/guardians at VMS:*

- A. communicate to the child that s/he:
  1. has a parent/guardian that loves him/her;
  2. is a special and important person;
  3. will be successful in school;
- B. make sure the child gets:
  1. at least eight (8) hours of sleep each school night;
  2. breakfast prior to the start of the school day;
  3. to school on time;
- C. help the child to take responsibility for his/her behavior and learning;
- D. support the child and staff when there are problems or when progress is not being made as rapidly as desired;
- E. support school discipline procedures;
- F. read to or encourage the child to read an interesting or fun book at least fifteen (15) minutes a day;
- G. provide a regular time and place, which is quiet, where the child can do homework or read;
- H. communicate and consult with the teacher on a regular basis about the child's performance;  
*This is done on the phone, in writing, or in person.*
- I. show interest in the child's efforts in school by asking questions each day about what s/he:
  1. learned in school;
  2. enjoyed doing during the day;
  3. was proud of what happened during the day;
- J. notify the school of health or other problems which might interfere with the child's performance.

**Procedures which are followed by Teachers, Support Personnel, and Administrators:**

*Our ultimate goal is for all students to become independent, responsible, and contributing members of society. For this to occur, we must communicate to the students what we expect of them and reinforce that behavior when they demonstrate it. Eventually, they must learn to assess their own performance and reward themselves by developing an internal locus of control. The following are some procedures which will help us reach our goal. The severity of the incident may require that the process begin at an advanced level.*

- A. TELL the child the specific behavior you observed and how it helps our school to function more effectively.
- B. WRITE a brief note to the child telling him/her to be proud of himself/herself and state the behavior which you observed.
- C. MAIL a note home on a postcard to the parent/guardian recognizing an effort made by the child.
- D. CALL the parent/guardian at home/work just to tell them the good news about their child and the good behavior s/he is demonstrating at school.

Behavior is changed through the use of reinforcement once there is a close approximation to the desired behavior. Whenever behavior is being changed, there are “peaks and valleys”. Behavior will improve, then slip back, then improve. Patience, persistence, and reinforcement all play a critical role in behavior change.

***Staff will deal with inappropriate student behavior when it occurs. In the event a student acts in a manner which is inappropriate for the educational setting, this procedure will be followed.***

- A. When a student breaks a rule, the adult at the scene will handle the problem.
- B. If the classroom teacher sees a pattern developing, s/he will contact the Behavior Specialist. A meeting may be scheduled between the teacher, the student and the Behavior Specialist in order to implement a plan of action to change the student’s behavior. Parent/guardian contact when appropriate.
- C. If the inappropriate behavior continues, a meeting may occur with the student, teacher(s), Behavior Specialist, Assistant Principal, and parent in order to re-examine the behavior and suggest modification techniques.
- E. At any point during the above steps, the student may become a “focus of concern” for the building team where an intervention plan of assistance will be generated.
- F. If all else fails, exclusion may result.

**Recordkeeping and Review:**

A recordkeeping process will be developed which will enable principal and staff to identify patterns of discipline problems. This plan will be reviewed on a regular basis. This review will be done by the principal in cooperation with the school staff and parents.

# VMS STUDENT CODE OF CONDUCT

## Preamble

Creating safe and drug-free schools requires the commitment of the entire community, including families, schools and community leaders. The Michigan Department of Education encourages each school district to take the lead in bringing all of its community's resources together to ensure welcoming, safe, gun-free, and drug-free schools.

The Board of Education declares it to be the policy of this district to provide an equal opportunity for all students to achieve their maximum potential through the curriculum offered in this District regardless of race, color, creed, disability, religion, sex, ancestry, national origin, place of residence within the boundaries of the District, or social or economic background (per Board Policy 2260).

The parent must be aware of school policies, such as, seeing that the child is in school on time; going through the proper channels when the child is absent; and in general, aiding the school in every way possible. School policies are formulated for the purpose of benefiting the child and must be followed if the child is to receive the best possible education.

## Introduction

Vicksburg Community Schools is dedicated to creating and maintaining a positive learning environment for all students. Teachers, administrators, parents, and students must assume a responsible role in promoting behavior that enhances academic and social success. Courteous, respectful, and responsible behavior fosters a positive climate for the learning community.

The Code of Student Conduct sets forth student rights and responsibilities while at school and school-related activities, and the consequences for violating school rules. When determining the appropriate action to be taken as a consequence of student misconduct, school officials may use intervention strategies and/or disciplinary actions, depending upon the severity or repetition of misconduct, age and grade level of the student, circumstances surrounding the misconduct, impact of the student's misconduct on others in the school community, and any other relevant factors.

The Code of Student Conduct will be administered uniformly and fairly, without partiality or determination.

## **WHEN AND WHERE THE STUDENT CODE OF CONDUCT APPLIES:**

The Code of Student Conduct applies before, during, and after school:

- A. when a student is at school;  
“At school” means in a physical classroom or in a remote learning environment, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event, whether or not it is held on school premises.
- B. when a student’s conduct at any other time or place has a direct and immediate effect on maintaining order and discipline, or on protecting the safety and welfare of students or school district staff; and
- C. when a student is using school telecommunications networks, accounts, or other district services.

## **STUDENT RIGHTS AND RESPONSIBILITIES:**

Individual rights relate to individual responsibilities and must be seen in relationship to the safety, health and welfare of all students in each school.

Expectations of student conduct should be kept within the bounds of reasonable behavior expected of all members of the community. Students should have freedom and encouragement to express their individuality in school, as long as their conduct does not intrude upon the freedom of others. This applies especially to the freedom of fellow students to receive instruction. There must be a balance between individual freedom and the orderly operation of a classroom. This balance will be determined by a school administrator.

All students should recognize the consequences of their language, manners, and actions toward each other and school staff. Students need to understand that they benefit from an orderly school operation and, as members of the school community, acknowledge their responsibility to promote a good learning environment.

If a student feels unsafe or is threatened, the student or the student’s parent/guardian should contact the principal.

## **VIOLATIONS OF THE STUDENT CODE OF CONDUCT:**

The definitions of misconduct are not all-inclusive, but only representative and illustrative. A student who commits an act of misconduct not listed herein is nonetheless subject to disciplinary action.

School district staff may use intervention strategies such as teacher/student conferences, auxiliary staff/student intervention, and teacher/parent/guardian contacts. Specific types of disciplinary consequences are defined under TYPES OF DISCIPLINARY ACTION AND PROCEDURE. At the option of school administrators, a student accused of any violation of the Student Code of Conduct may be referred to a school social worker or counselor, for interventions, which may include restorative justice, in conjunction with or in lieu of other disciplinary procedures. Where the misconduct is subject to mandatory discipline under state law, however, the school board will act to impose any mandatory sanctions.

Before suspending or expelling a student, school must consider the student's age, disciplinary history, disability, seriousness of behavior, whether behavior posed a safety risk, restorative practices, and whether lesser interventions would address the behavior.

**Short-term suspension:**

A short-term suspension occurs when a student is suspended for one (1) school day, up to and including ten (10) school days. During a short-term suspension, the student's rights and privileges of attending school, including extracurricular activities, are suspended. In addition, students who are suspended may not be on Vicksburg Community Schools' property unless authorized by an administrator.

**Long-term suspension:**

A long-term suspension is when a student is suspended for more than ten (10) school days. During a long-term suspension, the student's rights and privileges of attending school, including extracurricular activities, are suspended. In addition, students who are suspended may not be on Vicksburg Community Schools' property unless authorized by an administrator.

**Expulsion:**

An expulsion occurs when the school district's board of education terminates the student's rights and privileges to attend school, including extracurricular activities. An expulsion is for an indefinite time, unless otherwise specified by the school board or state law. The parent/guardian of the student may petition the school board to request the student's reinstatement to school, as permitted by state law.

**MIDDLE SCHOOL ATTENDANCE REGULATIONS**

Daily attendance, of all who are enrolled in Michigan Public Schools, is required in accordance with State law and School Board Policy.

Section 380.1561 of the General School Laws of Michigan states: "...every parent, guardian or other person in this State, having control and charge of any child from the age of 6 to the child's sixteenth birthday, shall send that child to the public schools during the entire school year. The child's attendance shall be continuous and consecutive for the school year fixed by the school district in which the child is enrolled." Similarly, Vicksburg Middle School shall adhere to the Policy that each student should be in attendance every day school is in session. Students are required to attend all regularly scheduled classes and assemblies unless otherwise excused.

**A. Exempt Absence:**

1. "Absent" shall mean that the student was not physically present at the place or places designated for five (5) minutes or more at the beginning of the class period. When a student is absent, the building principal, or his designee, shall determine whether the absence is exempt. Exempt absence may be granted for, but not limited to:
  - a. Illness, hospitalization or medical appointments accompanied by a doctor's note.

- b. Attendance at funerals.
- c. Family emergencies.
- d. Pre-arranged family trips taken with the immediate family (see 2c. below)

2. Procedure:

- a. Absence for any of the above reasons must be excused by a parent/guardian or legal guardian by calling the School (321-1300) before 11:00 am.
- b. Students will remain unexcused until parent/guardian have contacted the School to confirm the absence.
- c. All absences for family trips must be pre-arranged with the office in order to be exempt. Whenever possible, absences should be pre-arranged with a written note submitted to the school office at least three (3) days prior to the absence so that arrangements for make-up work can be made prior to leaving. If arrangements cannot be made three (3) days prior to the absence, the student is responsible for securing missed work upon his/her return to school.
- d. If an absence is directly related to any officially recognized school activity, in which the student has an active role, the student absence will be considered exempt.

**B. Unexcused Absences:**

Unexcused absences will be charged for truancy, failure to provide prior notification of trips, missing the bus, failure to bring the required note from medical personnel, babysitting for younger sibling, or as otherwise determined by an Administrator.

**C. Excessive Absences:**

Parent/guardian will be notified in writing, when a student has been absent ten (10) days per semester. After ten (10) days, written substantiation may be required for each absence. If not supplied, the student may be regarded as truant, and proper legal authorities may be notified.

**D. Attendance at Music Performances:**

Public performances are school requirements just as written tests. The difference is that performances cannot be made up. Except as provided hereafter, a missed performance will result in the student's nine-week grade being lowered a minimum of two (2) letter grades. The Director must be given advance warning of the performance to be missed, in writing, signed by the parent/guardian. Absences due to personal illness or family emergency, when verified by a note from the parent/guardian, will not affect the student's grade.

**E. Tardiness:**

1. **Beginning of Day (7:39 a.m. to 8:33 a.m.):**

Students arriving at School at 7:39 a.m. or later shall immediately report to the office. At this time the student shall provide written substantiation stating his/her reason for tardiness and be given a pass to class. The office personnel shall determine at this time, based on the written substantiation, whether the tardy shall be deemed excused or unexcused. The student shall sign in and record the time of arrival. Teachers shall record the tardiness in a permanent record upon the student's arrival to class.

2. **Between Classes:**

Students have 4 minutes between each class. Students will be marked tardy beginning at the tardy bell through the first 4 minutes of the class period. Teachers shall record the tardiness to class of any student in a permanent record.

3. **Excused Tardiness to School:**

- a. Failure of School transportation system
- b. Illness or appointments for health reasons (note from doctor required)
- c. Religious instruction (note from parent/guardian required)
- d. Household and family emergency such as power failure, no water supply, furnace failure, or serious illness of a family member (note from parent/guardian required). Other types of emergencies must be evaluated and judged consistently by Administration.

4. **Unexcused Tardiness to School:**

- a. Late arrival due to poor time planning.
- b. Missed school bus.
- c. Didn't hear alarm clock, overslept, etc.
- d. Family vehicle failed (when bus transportation was available).
- e. Non-essential errand for parent/guardian.
- f. Babysitting for young sibling.
- g. Employment.
- h. Others as may be determined by Administration.

## VIOLETIONS OF THE STUDENT CODE OF CONDUCT

Assuming the responsibility granted to it by law, the Board established the following categories of misconduct (while a student is under the jurisdiction of the school and/or engaged in school connected activities) as those which may result in temporary separation, suspension, or expulsion from the Vicksburg Community Schools. These categories are general in nature and are not to be held all inclusive.

We feel it is in the best interest of the community to work with the students in developing the best possible citizens, which means learning to live within rules as good citizens. It is important to remember that the school's rules apply going to and from school, at school, on school property, at school-sponsored events, and on school transportation.

### A. **Alcohol and Drugs:**

A student will not possess, use, nor be under the influence, offer to buy or sell, or purport to buy or sell, a controlled substance, dangerous drug, prescription drug, counterfeit drug, intoxication substance, alcohol, or substances purported to be or have the effects of illegal drugs (including over-the-counter drugs). Students shall not possess or use any related paraphernalia on school premises, at school related activities, or within 1000 feet of school premises. A student legally in possession of prescribed medication will not be in violation of this section as long as his/her use and possession of the prescribed medication is authorized at school.

The school has a "Drug Free" zone that extends 1000 feet beyond the school boundaries as well as to any school activity and transportation. This means that any activity, possession, sale, furnishing, or use of drugs, alcohol, fake drugs, steroids, inhalants, or look-alike drugs is prohibited. Attempted sale or furnishing is also prohibited. If caught, the student shall be suspended or expelled and law enforcement officials may be contacted. Sale also includes the furnishing or sale of over-the-counter medication to another student.

The sale, distribution, possession, or use of drugs, alcohol, fake drugs, steroids, inhalants, or look-alike drugs that has a negative effect on the school environment is prohibited. Attempted sale or distribution is also prohibited. This includes nonalcoholic beers and wines, and the like. Many drug abuse offenses are also felonies. Sale also includes the furnishing or sale of over-the-counter medication to another student.

#### 1. **Possession/Use:**

**First Violation:** Confiscation, up to ten (10) days suspension from school, during which period the student must have drug counseling by a qualified substance abuse counselor. Possible recommendation for expulsion. Police will be involved.

**Second Violation:** Confiscation, up to ten (10) days suspension and possible recommendation for expulsion. Police will be involved.

## 2. **Sales or Furnishing:**

**Violation:** Confiscation, up to ten (10) days suspension, and possible recommendation for expulsion. Police will be involved.

### **Use of Breath-Test Instruments:**

The principal may arrange for a breath test for blood-alcohol to be conducted on a student whenever he/she has individualized reasonable suspicion to believe that a student has consumed an alcoholic beverage.

The student will be taken to a private administrative or instructional area on school property with at least one (1) member of the teaching or administrative staff present as a witness to the test.

The purpose of the test is to determine whether or not the student has consumed an alcoholic beverage. The amount of consumption is not relevant, except where the student may need medical attention.

If the result indicates a violation of school rules as described in this handbook, the student will be disciplined in accordance with disciplinary procedures described in this handbook. If a student refuses to take the test, he/she will be advised that such denial will be considered an admission of alcohol use with the consequent discipline invoked. The student will then be given a second opportunity to take the test.

## B. **Arson (Starting a Fire):**

A student will not intentionally, by means of starting a fire, cause harm to any property or person, or participate in the burning of any property or person.

If a student commits arson in a school building, on school grounds or other school property, the school board or its designee shall expel the student from the school district permanently, subject to possible reinstatement, pursuant to MCL 380.1311 (5). (MCL 380.1311[2]).

“Arson” means a felony violation as set forth in Chapter X of the Michigan Penal Code. (MCL 750.71 to MCL 750.80).

**First Violation:** Up to ten (10) days suspension, parent conference, file complaint with police, seek recovery of damages through court of competent jurisdiction, possible recommendation for expulsion.

## TYPES OF DISCIPLINARY ACTION AND DISCIPLINARY PROCEDURES

### A. **DETENTIONS:**

This is detention time that must be served after school. Parent/guardian will receive written and/or verbal notification one (1) day in advance of detention, and are responsible for the student's transportation home after the detention period. Students will be given assigned duties during this time period. Failure to serve the detention will result in an ASBP.

Note: All detentions will be served after school, unless otherwise specified by school personnel.

### B. **CLOSED CLASS:**

A teacher may exclude a student for one (1) day from class for serious violation of classroom rules. A school administrator may keep a student out of a class or classes due to serious misconduct or continued behavior problems. In order to re-enter the classroom, a parent/guardian conference will be required.

### C. **AFTER SCHOOL BEHAVIOR PROGRAM (ASBP):**

ASBP will be held on Tuesdays and Thursdays of every week from 2:35 p.m. to 4:35 p.m. Parent/guardian will be notified by telephone or email at least one (1) day in advance of an assigned ASBP. Students are expected to be on time and have work to complete while serving ASBP. Parents/guardians are responsible for transportation home after the ASBP is completed. Failure to serve the assigned ASBP will result in a one (1) day in-house suspension.

### D. **SATURDAY SCHOOL:**

Saturday School will be held twice a month, every other Saturday from 8:30 a.m. to 11:30 a.m. at Vicksburg High School. Parent/guardian will be notified by telephone or email of an assigned Saturday School. While assigned to Saturday School, the following rules apply:

5. No electronics allowed in Saturday School, i.e., cell phones, IPODS, MP3 players, hand held games, etc.
6. Bathroom breaks will be provided. No wandering of the building during break time.

7. Students will be required to complete school work, read quietly, draw quietly, or study. Students are responsible to bring their own materials. Students will not be allowed to go to lockers or the library.
8. If a student fails to report for an assigned Saturday School, an additional Saturday School will be issued by an administrator on the following Monday. In addition, any student who fails to serve an assigned Saturday School will immediately become ineligible for athletics, extra-curricular activities, sporting events, etc., and should only be on campus during school hours. The student will regain eligibility and privileges once the initial Saturday School is completed.  
  
If a student fails to serve two (2) consecutive Saturday Schools, a three (3) day suspension will be assigned the following Monday.

#### E. **SUSPENSIONS:**

**IN-HOUSE SUSPENSION:** A school administrator may require a suspended student to attend school during the period of suspension in an assigned location within the Vicksburg Community Schools.

The suspended student will be assigned a specific location, which s/he may not leave during established school hours without permission from the suspension room supervisor. If removed, suspended, or expelled from school, a student will not return to the school premises without permission of the proper school authorities.

The student may not participate in or attend any school function while under suspension. The suspended student shall not return to the regular middle school program, until all his/her time has been made up, and s/he leaves the in-house program in good standing.

**Specifics:** While assigned to this program, the following rules apply:

- a. No talking or other communication at any time within the room.
- b. Restroom privileges are limited to once in the morning and once in the afternoon.
- c. The student is not to sleep or lay his/her head down at any time.
- d. Desks will be placed by the supervisor and are not to be moved.

- f. Students may work on schoolwork only, unless all assignments have been completed satisfactorily.
- g. Students are expected to arrive on time. Tardiness will count as a first period tardiness at the home building and may result in detention there or in additional suspension.

- h. Go directly to the suspension room. Absolutely no association with other students on school property. A suspended student is not to enter his/her school building at any time without the principal's permission.
- i. Students may order lunch or are to provide their own lunch. Milk is available at the student's cost. Food may be eaten only between 11:00 and 11:30 a.m.
- j. Assessments will be taken in the in-house suspension room or, if the teacher desires, at school the first day back from suspension.
- k. All communication with in-school supervisor will be respectful.

- o. You will be expected to adhere to the Vicksburg Middle School code of conduct.

**OUT OF SCHOOL SUSPENSION:** For safety reasons, or where an expulsion hearing is pending, the administration may suspend a student at home for a period of time. During this period, a student may not attend school for a specified period of time nor may the student enter upon school premises, nor attend or participate in any related school activities.

**EXTENDED SUSPENSION:** A suspension for a period of more than ten (10) days as approved by the Board. **Note:** All suspensions for violations of the School Code of Conduct are to be effective until the number of school days has passed.

- F. **EXPULSION:** The student is permanently excluded from school unless defined by State and Federal statutes. Expulsion from school will preclude a student from earning any further credit.
- G. **RE-ENTRY CONTRACT:** As a condition of reinstatement, a suspended student may be required to enter into a contract that sets forth terms and conditions of reinstatement. Any violation of the re-entry contract will result in an additional suspension, placement in an alternate educational setting, or expulsion from school.
- H. **DUE PROCESS:** The Board of Education recognizes the following:
  - 1. That students have certain rights of citizenship as delineated in the United States Constitution, the Constitution of the State of Michigan, the School Code, and other laws passed by the legislation of the State of Michigan subject to certain conditions applicable to the school environment.
  - 2. That the primary intent of society in establishing the public school is to provide an opportunity for learning.

3. That citizenship rights must not be abridged, obstructed, or in other ways altered except in accordance with due process of law.
  4. That the opportunity for education is one of these citizenship rights.
- I. **CONFIDENTIALITY:** Every reasonable effort will be made to maintain confidentiality during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations.
- J. **SUSPENSION PROCEDURES:**
1. The student shall be informed of the specific charges which could be the basis for disciplinary action to be taken against him/her.
  2. The student will have the right to present, to the school administrator, any relevant information that will support his/her defense.
  3. Before suspending a student, school must consider the student's age, disciplinary history, disability, seriousness of behavior, whether behavior posed a safety risk, restorative practices, and whether lesser interventions would address the behavior.
  4. If the student is suspended by the school administrator, the administrator will:
    - a. notify the parent/guardian, as soon as possible, of the suspension, the reasons for the suspension, and the steps necessary to effectuate the student's return.
    - b. meet with the parent/guardian and the student to plan satisfactory return of the student to the school setting if deemed necessary by the administrator.
  5. If the parent/guardian are dissatisfied with this action, they may appeal to the Superintendent or designate to review the decision.
  6. If the suspension is for a period of more than ten (10) days, the same due process for students, as is covered under students being expelled from school, will apply.
  7. Section 504/Special Education Accommodations: In the event a student is disabled, accommodations may be made to IHS procedures in accordance with the IEPC or 504 Plan.
- K. **EXPULSION PROCEDURES:** This is the removal from school on a permanent basis. This action may be taken by the Board of Education only. The following procedural guidelines will govern the expulsion process:
1. Before expelling a student, unless in a firearms offense, the school must consider the student's age, disciplinary history, disability, seriousness of behavior, whether behavior posed a safety risk, restorative practices, and whether lesser interventions would address the behavior.
  2. Written notice of charges against a student will be supplied to the student and his/her parent/guardian by registered mail. Included within this notice

shall be a statement of the time and place for the hearing, which time therefore shall be reasonable for the parties involved.

3. Parent/guardian and students against whom charges have been filed will be required to attend this hearing.
  4. The student shall be given an opportunity to give his/her version of the facts and implications. S/he should be allowed to offer the testimony of other witnesses and present other evidence.
  5. The student and his/her parent/guardian may be represented by legal counsel.
  6. The student, his/her parent/guardian, or legal agent, shall be allowed to review all evidence offered against the student. In addition, they shall be allowed to question any witness present at the hearing.
  7. The hearing shall be conducted by the Board of Education, which shall make its determination solely upon the evidence presented at the hearing. The hearing is not a court proceeding, and court rules of evidence shall not be enforced at such hearing. An open or closed hearing, at the student's option, may be requested, before a majority of the Board of Education.
  8. The Board of Education, by a majority vote, shall state, within ten (10) days after the hearing, its findings as to whether or not the student charged is guilty of the conduct charges and its decision as to expulsion, or extended suspension.
  9. The findings of the hearing authority shall be reduced to writing and sent to the student and his/her parent/guardian.
  10. The student and his/her parent/guardian shall be made aware of their right to appeal the decision of the Board of Education to the appropriate judicial authority.
- L. **SERIOUS VIOLATIONS:** A building administrator may recommend to the Board that a student be given an extended suspension or expelled from school, upon a first, second, or third violation, if, in the opinion of the administrator, the presence of student will be disruptive to other students or to the educational process.
- M. **PERSISTENT VIOLATIONS:** Any student who is suspended from school, and whose prior suspensions during the same school year total twenty (20) days or more, may be required to attend a parent/guardian conference with the Superintendent and the building principal. At this meeting, the future status of the student will be determined. Students reaching this twenty (20) day total, may be subject to an extended suspension or expulsion, and can only return to the regular school program under behavioral guidelines.
- N. **RESERVATION OF RIGHTS:** The school reserves the right to set forth, as part of the Code of Conduct, those rules and regulations necessary and proper for carrying into execution the educational program of the school, which are not specifically stated herein, as the need arises. When, in the judgment of the administration, the student's behavior reaches such proportion, or is of a nature that it tends to

influence others adversely, and/or interferes with the educational process, or infringes on the rights of others, the behavior is grounds for suspension or recommendation for expulsion.

- O. **NOTIFICATION OF LAW ENFORCEMENT AGENCIES:** State law requires each school board to comply with the state wide school safety policy adopted by the Superintendent of Public Instruction, Attorney General, and Director of Michigan State police on October 4, 1999. (MCL 380.1308). The statewide school safety policy requires the following types of incidents occurring at school be reported to a local law enforcement agency:

- P. **INTERVIEWS OF STUDENTS BY POLICE OR OTHER PUBLIC AGENCIES:** The School District endeavors to cooperate with law enforcement agencies. Students may be interviewed in school by law enforcement officials. School officials will grant law enforcement interviews with a student after considering the (1) type of incident; (2) seriousness of the incident; (3) age and maturity of the student; (4) relationship of the incident to school and the educational process; and (5) whether time is of the essence.

When practical, school personnel will be present during the police interview, and an attempt will be made to contact the parent/guardian prior to the interview. If the student is a minor and the parent/guardian was not present during the interview, the parent/guardian will be notified by the principal that an interview has taken place.

## **POLICY ON SEARCHES OF STUDENTS' LOCKERS AND LOCKER CONTENTS**

### **A. LOCKERS ARE SCHOOL PROPERTY:**

All lockers assigned to students are the property of the school district. At no time does the school relinquish its exclusive control of its lockers. The public school principal or his/her designee shall have custody of all combinations to all lockers or locks. Students are prohibited from placing locks on any locker without the advance approval of the public school principal or his/her designee. If permission is granted a student shall provide, in the office, a spare key and/or a copy of the lock combination.

### **B. LEGITIMATE USE OF SCHOOL LOCKERS:**

The school assigns lockers to its students for the student's convenience and temporary use. Students are to use lockers exclusively to store school-related materials and authorized personal items such as outer garments, footwear, grooming aids, or lunch. Students shall not use the lockers for any other purpose, unless specifically authorized by school board policy or the public school principal or his/her designee, in advance of students bringing the items to school. Students are solely responsible for the contents of their lockers and should not share their lockers with other students, nor divulge locker combinations to other students, unless authorized by the public school principal or his/her designee.

### **C. SEARCH OF LOCKER CONTENTS:**

Random searches of school lockers and their contents have a positive impact on deterring violations of school rules and regulations, ensure proper maintenance of school property, and provide greater safety and security for students and personnel. Accordingly, the board authorizes the public school principal or his/her designee to search lockers and locker contents at any time, without notice, and without parental/guardianship or student consent.

The public school principal or his/her designee shall not be obligated, but may request the assistance of a law enforcement officer in conducting a locker search. The public school principal or his/her designee shall supervise the search. In the course of a locker search, the public school principal or his/her designee shall respect the privacy rights of the student regarding any items discovered that are not illegal or against school policy and rules.

### **D. SEIZURE:**

When conducting locker searches, the public school principal or his/her designee may seize any illegal or unauthorized items, items in violation of board policy or rules, or any other items reasonably determined by the public school principal or his/her designee to be a potential threat to the safety or security of others. Such items include, but are not limited to, the following: firearms, explosives, dangerous weapons, flammable material, illegal controlled substances or controlled substance analogues or other intoxicants, contraband, poisons, and stolen property. Law enforcement officials shall be notified immediately upon seizure of such dangerous items, or seizure of items that schools are required to report to law enforcement agencies under the Statewide School Safety Information Policy. Any items seized by the public school principal or his/her designee shall be removed from the locker and held by school officials for evidence in disciplinary proceedings and/or turned over to law enforcement officials. The parent/guardian of a minor student, or a student eighteen (18) years of age or older, shall be notified by the public school principal or his/her designee of items removed from the locker.

## **SCHOOL ORGANIZATION AND PROCEDURES**

### **AGENDA BOOK/STUDENT PASSES**

1. All students are required to have their agenda book with them throughout the day, with the exception of the student's lunch period.
2. Students will use agenda book for passes by completing all necessary information prior to securing teacher signature.
3. Students are expected to keep agenda in working order. If an agenda book has been lost, students will be required to purchase an additional copy in the middle school office for \$3.

### **ADDING/DROPPING CLASSES**

Each year students will be able to view their schedule in Skyward prior to the start of the school year.

There should not be a great deal of schedule changes that need to take place, but Schedule Change Request forms are available in the office to be completed by the parent and student and submitted to the office during the designated window for requesting changes.

The request will be considered if:

1. There is a valid reason for requesting the change.
2. The number of students in each class supports making the change.
3. It is a "level change" meaning that a student either needs to be in a higher level class or lower level class based on academic capabilities.

### **ANNOUNCEMENTS**

Announcements to be included must be e-mailed to our office paraprofessional at least one day prior to the announcement being made. Announcements will be read at the beginning of first period.

### **BUS RULES**

In addition to AG **550B**, The Student Code of Conduct, as it appears in this handbook, applies in its entirety to students riding on the bus. Consequences for violation of these rules may include the suspension of bus riding privileges.

### **CLOSED CAMPUS**

The middle school operates on a "closed campus" basis, which means that students are to remain in school or in designated outside areas after their arrival on school grounds until the end of the normal school day.

## **DAMAGED, LOST AND STOLEN PROPERTY**

Vicksburg Community Schools cannot and will not be responsible for damaged, lost or stolen articles, regardless of location on school property.

## **EMERGENCY PROCEDURES**

In order that students may know how to act quickly and efficiently in case of emergency, fire and disaster drills are held periodically throughout the school year. Regulations are posted in the classrooms and reviewed in detail with every class. All students in the building must leave the building during the fire drill. School will not be dismissed early and dismissal will be at the regular time in the event of a tornado watch. In the event of an active school shooting, VCS utilizes the ALICE response system.

## **HOMEWORK GUIDELINES 2330B**

### **A. The purpose of Homework:**

Homework assignments should have a specific purpose related to the learning objectives of a program or course. Homework should involve application of knowledge, reinforcement of communication, research, and other skills. Homework should provide experiences which strengthen attitudes and allow for creativity.

### **B. Guidelines:**

1. All homework assignments should have a specific purpose related to the learning objectives of a program or course. It does not have to be a written assignment, and should involve application of knowledge, reinforcement of communication, research and other skills, and should provide experiences which strengthen attitudes and allow for creativity.
2. Generally, homework will only be given Monday-Thursday. However, there may be occasions when a mid-week assignment may hold over into the weekend or homework given for the weekend.
3. Teachers will assist students in learning to manage long-term assignments and use of independent practice time.

*Students are encouraged to use class time provided for initiating homework. Should they choose to waste class time or manage their time differently, their homework time may exceed guidelines.*

4. Normally, homework will not be assigned over school vacations and holidays, but may be with teacher discretion.
5. All written homework will be collected from students and evaluated by students, peers, and/or teacher, not necessarily graded. It will be returned in a timely manner.
6. As part of the process of using homework as a learning tool, students should be involved in learning how to critique their homework as it relates to the particular program or course of study.

7. It is recommended that teachers consider the individual differences of their students when assigning homework.
8. The daily use of a properly filled out Agenda Book can be an invaluable tool in helping students organize their time and efforts. Parent/guardian can help by asking to see their child's Agenda Book and then reviewing the work. All teachers will instruct students in how to use the Book in their classrooms, and all students will be required to have and use the Book every day. Procedures for the implementation and use of the school provided Agenda Book will be developed and enforced by individual classroom teachers.
9. Teachers will communicate their homework expectations to parent/guardian at the beginning of the school year, not later than the third week of school. These expectations should clearly state any incentives or penalties related to homework completion. Failure to turn in homework may result in one or more of the following:
  - a. Reminder
  - b. Warning
  - c. After school detention – spent doing home work
  - d. A zero (0) on the assignment, recorded in the grade book which will affect the marking period grade
  - e. Continual failure to turn in assignments will result in a parent/guardian conference with the classroom teacher and building principal
  - f. Chronic problems will be treated as an act of insubordination.
10. Homework should always serve a valid learning purpose; it should never be used as a punitive measure.
11. The following are guidelines for suggested total homework time and constitute a reasonable range rather than a quota.
 

Grade 6	75 minutes minimum per week
	60 minutes maximum per day
Grades 7/8	120 minutes minimum per week
	90 minutes maximum per day

## **LIBRARY**

1. Open 7:33 a.m. – 3:45 p.m. Monday thru Friday. The library will be closed one half-hour per day due to lunch and this half-hour will vary by day and week depending on student and teacher requests for library.
2. No food or beverages.

3. No sleeping.
4. Disruptive behavior will not be tolerated in the library and may result in loss of privileges and/or school consequences up to suspension.
5. Students in the library on a written pass from the instructor should have their agenda book open for the library media specialist to verify their ability to use the library at that time. Students must have the media specialist's signature on the pass in order to leave.

### **MAKE-UP WORK**

Student failure to make up work missed due to absences contributes greatly toward a large percentage of our low or failing grades. It is the responsibility of the student to contact the teacher whose class has been missed. This should be done at the convenience of the teacher.

Excused absences allow the student to make up all missed work. One (1) day shall be granted for make-up work for each day of absence. However, a student may, with teacher approval, have two (2) days to make up missed work for each day he/she has had a confirmed absence, when the absence is of three (3) or more days.

Where work has been furnished to a student in advance of a pre-arranged absence, that work is due on the date that student returns to class.

In general, request for office assistance in providing homework to students who are not in attendance should be limited to multiple absences.

### **MEDICAL INFORMATION**

Report any medical information, in writing, directly to the MS office which may have an effect on student safety or health (i.e. seizures, allergies, fainting spells, impaired vision or hearing, etc.).

### **PARTICIPATION IN NON-CURRICULAR FIELD TRIPS AND SOCIAL ACTIVITIES**

A student may be excluded from participating in non-curricular field trips or activities (i.e., roller skating, dances, activity parties, Cedar Point, Talent Show, etc.) if any of the following criteria is met:

- suspended two (2) or more times
- suspended for five (5) or more days
- accrued 9 or more absences in the semester in which the event occurs
- failing one or more classes
- absent from school on the day of the event, unless prior arrangements have been made with the building principal

## **REGULATION COVERING ADMINISTRATION OF MEDICATION**

Each Principal, or designee, shall be responsible for the administration of medication in the school office to students under their jurisdiction.   - d. The authorization by the parent/guardian.

2. **Second Violation:** Up to ten (10) days suspension contingent upon the severity of the infraction.
3. **Third Violation:** Ten (10) days suspension with possible request for expulsion.

**REVIEW PROCEDURES**

**A. Conference:**

The parent/guardian of the athlete, or athlete, if eighteen (18) years of age or older, may request a conference within the time period of the suspension, with the coach and Athletic Director.

**Review:**

If a parent/guardian or student (if 18 years or older), is aggrieved by the decision of the coach and Athletic Director, the parent/guardian may request a review of such decision with the Principal. The decision of the Principal in such cases shall be final.

**B. Season Suspension:**

For violations of Athletic Standard "I" (Controlled Substances):

1. **Conference:**

The parent/guardian of the athlete, or athlete if eighteen (18) years of age or older, may request a conference with the coach, Athletic Director, and Principal.

- e. **Evidence:** The Board may admit evidence of a type commonly relied upon by reasonably prudent persons in the conduct of their affairs, but, inasmuch as a Board hearing is not a court proceeding, court rules of evidence shall not be enforced at such hearing.
- f. **Public or Private Hearing:** The hearing shall be public unless the parent/guardian shall, in writing, request a private hearing in accordance with applicable law.
- g. **Board Opinion:** The Board shall render a written opinion, including its findings of fact and decision, within ten (10) calendar days from the date of the hearing. A copy of such opinion shall be given to each of the parties concerned.

## GENERAL TEAM GUIDELINES

1. All eligible students will be offered the opportunity to try out for an athletic team. Each sport has a starting date and there will be a minimum of three days of tryouts/practice before cuts are made.
2. **General Commitment to the program:** Each athlete that is on a team must have a strong commitment to the team and athletic program in general. Being on a team will require teamwork, self-discipline, loyalty, tolerance, sportsmanship and perseverance. If an athlete has a concern or conflict, first begin by talking with the Head Coach of the team.
3. **Practices and Contests:** Practices, in general, begin around 3:00-3:30 p.m. and end around 5:30-6:00 p.m. During the winter and early spring the practice times vary from day to day as a result of the demand for gymnasium use. Athletic contests are usually scheduled a year in advance or more. Each sport usually has its own pattern of which days in the week they play their contests.
4. **Equipment & Uniforms:** The athlete is responsible for all uniforms and equipment that the school provides. All equipment must be turned in immediately following the end of the season. The student will be charged for all uniforms or equipment not returned or returned in inappropriate condition.
5. **Transportation:** All athletes are expected to be transported by school provided or approved means of transportation. This includes going to the scheduled contest and the return trip to Vicksburg. A signed parent consent form must be approved

by the office prior to any exception to this. Any change in this procedure must be reported to the head coach and Athletic Coordinator well in advance of the change.

## ISSUES IN ATHLETICS

Vicksburg Public Schools are very proud of our sound educational and athletic programs. We have committed ourselves to provide a program that all student athletes can be proud to be a part of while they are in school. We perceive ourselves as having one of the best educational athletic programs in Michigan. As a result of our commitment, we will also invite comments or criticism from our public. We enthusiastically participate in discussion of ways to address and resolve the issues and challenges that lie ahead. When a person (such as a student, a parent, a coach, a teacher or an administrator) has a question, concern, or complaint regarding an athletic situation, we have found the following line of communication very effective in resolving issues.

1. **START WITH THE SOURCE:** Talk directly with the coach, in private, face-to-face, away from the practice site or game arena. A telephone call may be necessary to arrange an appointment.
2. If necessary, **TALK NEXT WITH THE HEAD COACH OF THE SPORT.**
3. If necessary, **TALK NEXT WITH THE ATHLETIC COORDINATOR.**
4. If necessary, **TALK NEXT WITH THE ASSISTANT PRINCIPAL OR PRINCIPAL.**

\* All complaints **MUST** be heard at the lowest possible level **BEFORE** intervention by the higher authority can occur. However, the next level arbitrator will always be willing to meet with a complainant if sub-level discussions do not accomplish their intended purpose.

\* Help the child learn to resolve his or her own differences. When a student successfully deals with difficult situations, he or she learns and grows. Of course, a parent always has the right to intervene on behalf of a child.

\* When stating your concern be prepared with the facts in so far as you understand, or can ascertain them. Think through your expectations for the outcome resulting from voicing your concern. That is, be clear about what you hope will happen as a result of your meeting.

\* As you converse with the coach or other authority, repeat back what you hear him or her say to be sure that you understand the important points. Stay calm and friendly as you talk and listen.

\* We will make every effort to assure that the student is not penalized or placed in an awkward position as a result of voicing a concern.
