

### A LETTER FROM THE SUPERINTENDENT

### Dear Vicksburg Community Schools Families,

We've had a great start to the school year so far and I am incredibly excited about what's to come. I want to thank our teachers and staff for helping to make the transition back to school so smooth.

Our buildings were busy with bond construction projects all summer and I am thankful for the construction crews who worked hard to have our classrooms ready for students. I am also grateful for our community that helped provide

the construction dollars. We will have one more summer of continued work to improve our learning environments for our students and staff. But first, we have a great school year ahead.

At our annual kick-off event for teachers and staff. I was incredibly excited to introduce the VCS Innovation Project. The partnership with The Vicksburg Community Schools Foundation and the Vicksburg Foundation will help bring additional funds into our schools to support innovative and unique educational experiences and projects. In this issue of the Red and White, you will learn more about the project and what it will mean for our students.

Once again, I am happy to welcome everyone back for the 2024-2025 school year. Let's make it a great year, Bulldogs!

### Regards,

### Keevin O'Neill, SUPERINTENDENT

### **Unsung Hero Award Recipient Named**

Each year at our kick-off event for teachers and staff, VCS honors one person or group that went above and beyond during the previous school year.

We are very proud to announce that the 2023-2024 Unsung Hero Award Winner is Kim Putman.

Kim started with VCS as an intern in 1999. She is currently a paraprofessional at Tobey Elementary School, but has held many roles including Kids Klub aide and Kindergarten Teacher. Kim is a vital part of the Tobey Community and helps our students succeed every day.

Thank you, Kim, for your hard work and dedication to the students of Vicksburg Community Schools.

### Freshmen Wanted for Student Advisory Board

For the second year, Vicksburg High School students will be helping to shape the future of VCS.

Last school year, Superintendent O'Neill launched the first ever Vicksburg Community Schools Superintendent's Student Advisory Board (SSAB).

The group met monthly, beginning in November. The goal is to hear directly from the students regarding their experiences at VCS. Last year, the advisory board had a group of 16 students in 9th through 11th grades. Those students will serve on the board until graduation.

For the 2024-2025 school year, the SSAB is looking to add 2 to 3 freshman students. They should be on the lookout for information about applying for the SSAB.

The following students are members of the SSAB: Adelynn Beery, Daniel Best, Riley Blamer, Hannah DeVries, Daniel Dinea, Ashley Gerber, Emelyn Germay, Maya Grossman, Norah Hossink, Elise Howard, Lauren Lyle, Leah Standish, Shelby Stoughton, Caden Town, Taylor VanDam, and Gabriella Yost.

We look forward to the positive impact this group will have on the district.

#### **Family Educational Rights and** Privacy Act (FERPA) Policy 8330

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools must honor your request to review your child's education records within 45 days of receiving the request. Parents or eligible students should submit to the School principal a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible students of the time and place where the records may be inspected.

Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. They should write the School principal, clearly identify the part of the record they want changed, and specify why it is inaccurate. If the school decides not to amend the record as requested by the parent or eligible student, the

School will notify the parent or eligible student of the decision and advise them of their right to a formal hearing regarding the request for amendment. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, **FERPA allows** schools to disclose those records, without consent, to the following parties or under the following conditions:

- School officials with legitimate educational interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

#### **Disclosure of Information**

The Family Educational Rights and Privacy Act (FERPA) requires that the Vicksburg Community Schools (VCS), with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, **VCS** may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. **Directory** information includes student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized school activities and sports, weight

### **Annual Notices 2024-2025**

and height of athletic team members, dates of attendance and previous school(s) attended. It is information that is generally not considered harmful or an invasion of privacy if released. The primary purpose of disclosing directory information is to allow VCS to include this type of information from your child's education records in certain school publications. Examples include a playbill, showing your student's role in a drama production; the annual yearbook; honor roll or other recognition lists; graduation programs; sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information can also be disclosed to organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks.

In addition, two federal laws require us to provide military recruiters, upon request, with directory information in three categories – names, addresses and telephone listings – unless parents have advised VCS that they do not want their student's information disclosed without their prior written consent.

If you do not want VCS to disclose information from your child's education records without your prior written consent, you must notify the district before the second week of the school year by writing to:

Vicksburg Community Schools 301 S. Kalamazoo St. Vicksburg, MI 49097 ATTN: Superintendent's Office

#### Weapons-Free School Zone

State law establishes a "Weapon-Free School Zone" that extends 1,000 feet from the boundary of any school property. The term "weapon" means any object which, in the manner in which it is used, is intended to be used, or is represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health and safety of persons. Weapons include, but are not limited to, firearms, guns of any type, including air, gas-powered, and spring guns (whether loaded or unloaded) that will expel a BB, pellet, or paint balls, knives, razors, clubs, electric weapons, metallic knuckles, martial arts

weapons, ammunition, and explosives or any other weapon described in 18. U.S.C. 921.

#### **Drug-Free School Zone**

In accordance with Federal and State law, the Board hereby establishes a "Drug-Free School Zone" that extends 1000 feet from the boundary of any school property. The Board prohibits the use, possession, concealment, delivery, or distribution of any drug or any drug-related paraphernalia at any time on District property, within the Drug-Free School Zone, or at any District-related event. Furthermore, the Superintendent shall take the necessary steps to ensure that an individual eighteen (18) years of age or older who knowingly delivers or distributes controlled substances so designated and prohibited by Michigan statute within the Drug-Free School Zone to another person is prosecuted to the fullest extent of the law.

#### Asbestos Hazard Emergency Response Act (AHERA) Notification

The Environmental Protection Agency (EPA) requires that each year, district worker and building occupants receive notification about asbestos activities such as response actions and inspections. The purpose of this correspondence is to meet those requirements and familiarize you with the asbestos related activities that have been conducted in Vicksburg Community Schools this past year.

#### **Management Plans**

In 2010 Vicksburg Schools contracted Nova Environmental to conduct inspections for

asbestos containing material (AM) with all district owned buildings. This information was then compiled into Asbestos Management Plans. A copy of each building management plain is also located in the Administration Building.

#### **Surveillance Activities**

The AHERA regulation requires surveillance of the condition of ACM every six months and reinspections every three years. The three-year re-inspection was conducted in September of 2022. Both of these surveillance activities will be included as part of the building's Management Plans.

#### **Asbestos Abatement**

It is anticipated that Vicksburg Community Schools will need to conduct only minor amounts of asbestos abatement within its facilities over the next year. And will continue to maintain all ACM under the Operations & Maintenance Program.

Any removal projects will be performed by a Michigan Licensed Asbestos Abatement Contractors and managed by Nova Environmental, Inc. the districts environmental consulting firm.

All asbestos documentation is available for your review in each building file and at the Administration Building.

For more information, contact Dewey Waterman, Maintenance Supervisor, at 269-321-1027.
